

Silence – Speed – Simplicity: Centrifuge 5424

The spirit of centrifugation

The 5424 premium microcentrifuge is the successor to the legendary Centrifuge 5415 D. It is remarkably silent (even without rotor lid) and comes standard with many new and innovative features.

Centrifuge 5424 is available in two different control panel versions. Select between the easy-to-clean membrane keypad or the traditional blue turning knobs for speed and simplicity. Four different rotors complement each other perfectly for maximum application versatility!

- Certified aerosol-tight rotor comes standard
- Max. rcf: 20,238 x g
- Automatic lid opening at end of run
- Short spin
- Innovative passive cooling
- New rotor for problematic spin columns

Centrifuge 5424 Starter Pack

Now is your chance to introduce the spirit of centrifugation into your laboratory! But that's not all. With each Centrifuge 5424 you will receive free the following products:

Free Starter Pack:

- 1x Eppendorf Research® plus single-channel pipette of your choice* (worth \$ 421.00)
- 1x Set of 3810X tubes (worth \$ 40.50)
- 1x Set of Safe-Lock tubes 1.5 ml (worth \$ 81.50)

*To select your free Research plus single-channel pipette, please see ordering information on reverse side.
